**Re:** 2016 PREA Aggregated Data

---

In accordance with 115.88 Data Review for Corrective Action, the Norfolk Sheriff's Office completes an annual report in order to assess and improve the effectiveness of reduction of sexual abuse and sexual harassment. Through training in prevention, detection and response our policies and practices provide great assistance in completing the elimination of such acts.

The Norfolk Sheriff's Office may redact specific material from this and future PREA reports when the publication would present a clear and specific threat to the safety and security of the facility. Any redacted material must have a general statement to indicate the material has been removed from the report.

### Aggregated Data on Sexual Abuse Allegations and Comparison to Prior Use

The NSO has a Zero Tolerance Policy for Sexual Abuse. As such, every allegation, report and/or discovery of sexual activity is investigated as if a PREA event occurred. Only after a full investigation is events defined as a PREA violation or otherwise (i.e. consensual but unauthorized sexual activity that does not qualify as PREA).
